David Revoltós

GASTRONOMIC SCIENCES SPECIALIST

Specialist in Culinary Sciences and professional cook with experience in fine dining and Michelin-starred restaurants. Proactive, disciplined, and highly adaptable to diverse cultural and gastronomic environments — driven to bring culinary innovation and passion to every project.

Work Experience

Geranium Restaurant — Copenhagen FEB 2026 – JUL 2026
R&D Intern & Chef de Partie

- Re-hired to develop the University's Bachelor's Thesis on food-waste fermentation.
- Designed, 3D-printed and cast custom kitchen molds (Blender & Fusion 360) for experimental dessert plating.
- Developed a scalable enzymatic liquefaction method converting vegetable food waste into vinegar at 90% efficiency.

Geranium Restaurant — Copenhagen FEB 2024 – AUG 2025
Chef de Partie

- Managed four kitchen stations within a rigorous 3-Michelin-star kitchen.
- Maintained consistency through team and cross-departmental collaboration.
- Engaged directly with diners for tableside plating and an elevated guest experience.

Paco Roncero Restaurant — Madrid MAY 2023 – JUL 2023
Intern

- Assisted in daily preparation and execution of high-end tasting menus in a fast-paced 2-Michelin-star kitchen.
- Advanced culinary technique, discipline and organization.

Nectari Restaurant — Barcelona JUN 2022 – JUL 2022
Intern

- Mise en place and daily menu execution, building foundational fine-dining skills.

Scientific Expertise

Food Science & R&D— Fermentation & Enzymology·Gastro-Science Machinery·pH & Brix Monitoring·HACCP Protocol·Hydrocolloids & Modernist Formulation·Advanced Pastry Formulation

Culinary Management— P&L & Accounting·Advanced Excel (Costing & Financial Modeling)·Recipe Costing·Menu Engineering·Inventory Management·Labor Cost Control·OPEX/CAPEX

Software, Data & AI— 3D Design for Custom Molds & Experimental Apparatus (Blender / Fusion 360)·Jamovi (Sensory Analysis & Statistics)·Scientific Research & Reporting·Applied AI (Claude)

“Great cooking begins where scientific curiosity meets kitchen discipline.”
